

Terms and Conditions

Standard terms are set out below. Individual terms are available by negotiation.

Evidencing Rural Need is an original resource showing an accurate picture of rural England. It is available to RCCE through its national body ACRE and local data consultants OCSI as part of the Evidencing Rural Need project.

Community Profile reports are available on request for a charge from RCCE to organisations and groups (including parish and town councils), or anyone interested in this statistical data on their local area.

By local area each report is defined as a parish and it is expected that each report will consist of a parish. In non parished areas the area will be defined by agreement between RCCE and the organisation requesting the data. RCCE does however reserve the right to make a final decision on an appropriate geographical area. RCCE also reserves the right to decline an application for a report.

Community Profile charges are stated on the price list produced. This is subject to change and RCCE reserves the right to amend these prices and the terms. RCCE members that have taken out a Community Led Plan support package (start up or in progress package not a Community Led Plan Network membership) can apply for one Community Profile (parish locality) - this is included in the price of the package.

Requests for Community Profiles should be made on the appropriate form provided (downloadable from RCCE website or available on request). RCCE will aim to acknowledge receipt of the request within two working days. This acknowledgement will state when the report will be emailed to the organisation or individual. A contact for the organisation submitting the request (with email details) should be included in any correspondence.

When filling in the request form, if the organisation is unsure of the geographical area/locality required or requires more than one Community Profile, RCCE should be contacted to discuss exact requirements or indicate this advice on the request form. RCCE will contact the named person to discuss requirements. Final confirmation of each geographical area/locality required will be agreed in writing.

Once geographical area/locality has been agreed payment will be required. When the payment has been received RCCE will produce a PDF Community Profile and email a PDF version to the named person within three working days.

By purchasing a Community Profile you agree to these terms and conditions and in addition, agree not to sell or pass on the information to a third party.
