**There's nothing special about the energy
we sell. In fact, it's exactly the same
energy as all our competitors provide.**

But there is something special about the way we do it.

Where others complicate the process, we simplify it.

**Where others confuse customers with hidden terms,
we're an open book.**

**And where others do all they can to make as much
money from their customers as possible, we do all
we can to make as little.**

Everything we do, we do it differently.

Our customers are a privilege.

One we'll never take advantage of.

We take the stress away so you can put your time into front-line services.

Emily has been very helpful during this exceptionally volatile period in the energy market. I have been provided with advice which has saved me a great deal of time trying to obtain quotes for both gas and electric. As a volunteer, I would not have known where to start.

Thanks

Liz Waugh

Utility Aid were knowledgeable and extremely helpful and we were able to negotiate a very beneficial agreement. In light of the current energy price problems it was a great decision

Grant Butcher

We are one of the largest energy brokers for the not-for-profit sector in the UK. Dedicated to working in a way that is fair for all.

How does it work?

We set up collective purchasing baskets across the voluntary sector, working with the National Charity Tender. This level of purchasing power guarantees competitive rates on all gas and electricity contracts.

Keep more of your money for the front-line

We understand that the less money you spend on your energy provision, the more money you have to use on the front-line services you provide. We are passionate about keeping energy costs down so you can do just that.

Ethical Energy Provision

We are dedicated to working in a way that is fair for all. As well as our commitment to sourcing energy at the lowest possible cost, we are dedicated to ethical energy provision and working in a clear and transparent manner.

Our Offering

We specialise in the not-for-profit sector and voluntary sector, so suppliers give us the lowest prices in the UK – guaranteed.

We are the only broker in the UK that financially assesses their suppliers, ensuring that you are going into a contract with the most financially stable providers.

Invoice Validation available so you know your bills are being checked throughout your contract.

Your own portal to view your consumption data and historical bills.

The UK's largest broker - with offices across 8 regions.

The only energy broker in the UK that employs an independent advisory panel.

Sustainability for Your Organisation

Net Zero Discovery Document

An overview of energy performance ratings and outline improvements to meet future property targets. This document is provided by a qualified Retrofit Coordinator and includes discussion on strategic medium-term planning.

Streamlined Carbon and Energy Reporting

An annual report to meet board level requirements. Including advice on intensity ratios, consumption analysis and considerations for targeted reduction measures.

Renewable Tariffs and Historic Investigation

Help to set up Smart Export Guarantee (SEG) tariffs, investigate Feed in Tariff (FIT), Renewable Heat Incentive (RHI) and provide data management.

Energy Management

Provide advice on energy management platforms and useful data, annual review of power consumption and targeting of Net Zero in non-domestic buildings.

Energy Use Investigations

Understanding energy use in your buildings, what services cost to run hourly/ monthly/annually. This service includes the option for desktop or on-site surveys.

**Benchmark your current costs and begin
your Net Zero journey today!**

Email Customer Care on

3 simple steps to follow which could potentially save you thousands of pounds!

Gather Data

We need to know your annual consumption.

You provide the letter of authority (LOA) and a copy of a recent bill then we can find suppliers who can offer you the best deal.

Provide Costs

We will check that you're on the correct meter profiles, review the cost of your existing tariffs and can then identify the lowest possible prices.

Sign and relax

While you get on with what you are doing, we get on with what we are doing — saving you money and allowing you to carry on doing more good.

What do I need to do now?

**Simply send your bill and letter of authority (LOA) to customer care by email to;
customercare@utility-aid.co.uk**

**If you would like to discuss this further please call;
0808 178 8170**
